DETAILED ACTION

Allowable Subject Matter

Claims 1-4, 6, 8-9 and 17-21 are allowed.

The following is a statement of reasons for the indication of allowable subject matter:

Regarding claim 1, the prior art does not teach or suggest the claimed, "lateral distance determined for the first registration mark to shift the placement of a second registration mark having a second color different from the first color on the belt, wherein the first registration mark and the second registration mark are used to locate a first color separation of the image and a second color separation of the image on the belt."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure: Metzler et al. (US Pub. 2003/0002891), cited for its similar control structure related to the present invention.
